## Information Systems Graduation Requirements Checklist – Fall 2020

All courses taken to satisfy the Information Systems major requirements must be taken for a letter grade and completed with a grade of C or higher. Students may not elect the P/NC option for any of the courses in the major.

| Information Systems Courses <sup>1</sup> |   |       |          |
|--|---|-------|----------|
| Number                                   | Title   | Grade | Semester |
| CSE114                                   | Introduction to Object-Oriented Programming   |       |          |
| CSE214                                   | Data Structures   |       |          |
| ISE218                                   | Fundamentals of Information Technology  |       |          |
| ISE300                                   | or EST304 (Technical Communications)  |       |          |
| ISE312                                   | Legal, Social, and Ethical Issues in Information<br>Systems   |       |          |
| ISE305                                   | Database Design and Practice  |       |          |
| CSE310                                   | or ISE316 (Introduction to Networking)<br>or CSE346/ESE346 (Computer<br>Communications)               |       |          |
| ISE320                                   | or BUS340 (Information Management)  |       |          |
| ISE                                      | 4 upper division ISE or CSE courses <sup>2</sup>  |       |          |
| ISE                                      |   |       |          |
| ISE                                      |   |       |          |
| ISE                                      |   |       |          |
|  | <b>Mathematics Courses</b>  |       |          |
| Number                                   | Title   | Grade | Semester |
| AMS151                                   | or MAT131 or MAT141 or MAT125/126   |       |          |
| AMS161                                   | or CSE215 or MAT132 or MAT142 or MAT127   |       |          |
| AMS210                                   | or MAT211   |       |          |
| AMS310                                   | or ECO320 (Mathematical Statistics) or<br>AMS110 (Probability and Statistics in the Life<br>Sciences) |       |          |
| Specialization                           |   |       |          |

<sup>&</sup>lt;sup>1</sup> At least two courses from among ISE312, ISE305, ISE218, and ISE320 must be completed at SBU. <sup>2</sup> ISE475 and ISE488 may be used to satisfy an ISE upper-division elective requirement, but each course may only be counted once towards the ISE upper-division elective requirement.

Students must complete a specialization in one of the defined application areas (Business & Economics, Technological Systems Management, System & Network Administration, or Digital Media), or else design a specialization of six to eight courses in another application area in consultation with the ISE Undergraduate Director before the courses for the specialization are completed.
