French-Wolof mobile micro-dictionary software

Jun Yuan
@SPLAT.cs.sunysb.edu

Overview

- What is mobile Dict program?
- Necessity of such a softwares for kids
- What has been done in mobile phone Dict area
- What can we do for them? More specifically

C3 Neighborhood Association

- The case of Neighborhood Association
- The teaching resource is limited.(the library, the eligible teachers, etc...)
- Education is very critical for them or for the whole nation.
- Pre-Education is very important for language learning

The present situation of Mobile Dict

- Development made up to the current situation
 - A lot of Asian areas, China mainland, Taiwan, Japan, Korea, cell phones installed with En Dict by default. It helps.
- Important technique background information

- Simple, Straightforward, common words
- Daily conversation based
- Standard pronunciation & vivid interpretation
