1 Conference and Workshop Presentations.....	2
2 Seminar Presentations on Related Work.....	2
3 Data Mining.....	2

1. Conference and Workshop Presentations

Exact Phrases in Information Retrieval for Question Answering Presented at SIGDIAL, 2007

[slides](#)

Adaptation in dialog Presented at SIGDIAL, 2007

[slides](#)

2. Seminar Presentations on Related Work

Overview of two papers on correction in dialog Presented at the Stony Brook NLP seminar, Fall 2007

[slides](#)

Question Answering Overview Presented at the CMU Dialogs on Dialogs Reading group, Fall 2006

[slides](#)

Embodied Conversational Agent (ECA) REA Justine Cassel

(given at Gesture seminar, Psychology Department, Stony Brook, Spring 2006) [slides](#)

Unsupervised Discovery of Morphemes Mathias Creutz and Krista Lagus

[slides](#)

Knowledge-Free Induction of Morphology Using Latent Semantic Analysis Patric Schone and Daniel Jurafsky

(given at NLP seminar, Computer Science Department, Stony Brook, Fall 2005) [slides](#)

Overview of Question Answering based on my research at ATT with Gokhan Tur and Dilek Tur

(given at CMU Dialogs on Dialogs group, 10/27/06) [slides](#)

3. Data Mining

Slides on **Data Mining** book by David Hand

[Introduction \(chapter 1\)](#)

[Measurement and Data \(chapter 2\)](#)

[Visualizing and Exploring Data \(chapter 3\)](#)

[Data Analysis \(chapter 4\)](#)

[A systematic overview of Data Mining Algorithms \(chapter 5\)](#)

[Models and Patterns \(chapter 6\)](#)

Presentations

[Predictive Modeling for Classification \(chapter 10\)](#)
